

## Wonderful views of the sea and the mountains

Ref: PH100468

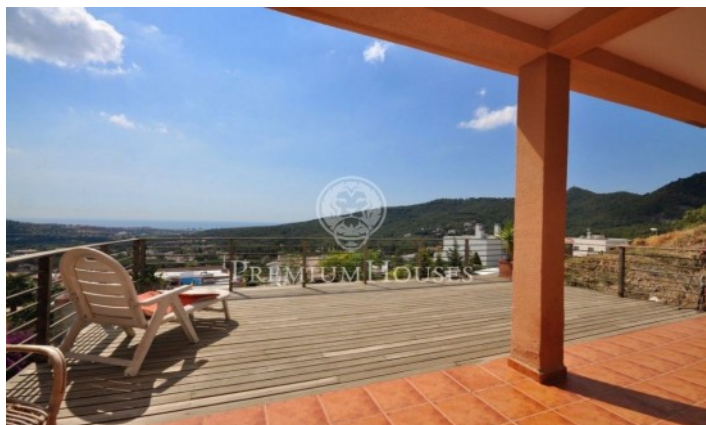

### Argentona / Barcelona Costa Norte

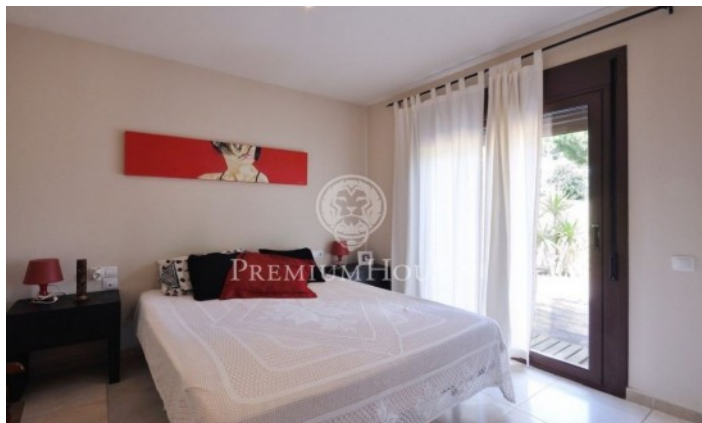

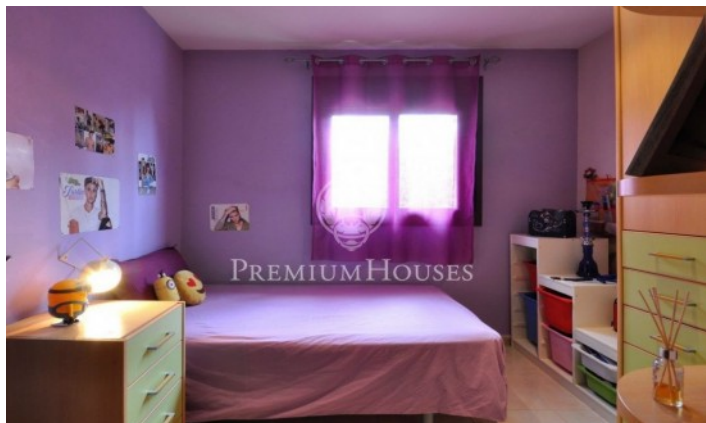

This magnificent house stands out for its design and good distribution as well as its unparalleled views of the sea and the countryside. Designed to enjoy a practical and comfortable, the lounge and the rooms are all distributed on the same floor. We went up the stairs from the street and entered the house. Just past the hall we discovered a large living room overlooking a fantastic porch and the sea in the background. We return to the hall and continue down the hallway that leads to a modern kitchen. We continue our visit and discover four good sized rooms and two bathrooms. All rooms are exterior and have beautiful mountain views. We went to the garden and discovered that the whole house is surrounded by terraces. Behind is also a large area with multiple possibilities. Under the house we also discovered a large garage of large dimensions. If you are looking for a practical house, near the town, with fantastic views and where you can set up tomorrow, this is your home.
