Ref: 12667

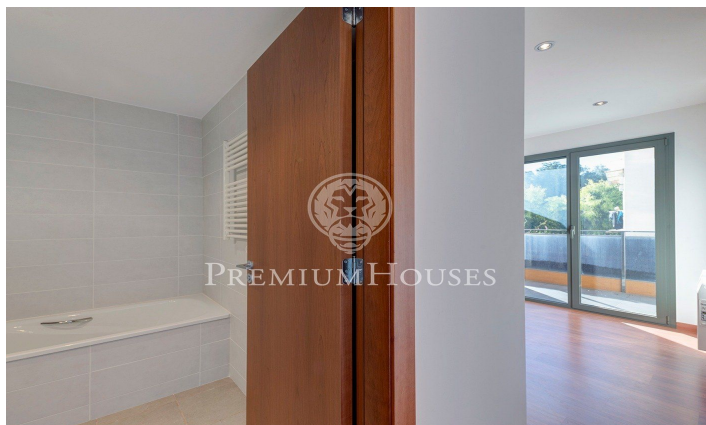

Centre / Sitges

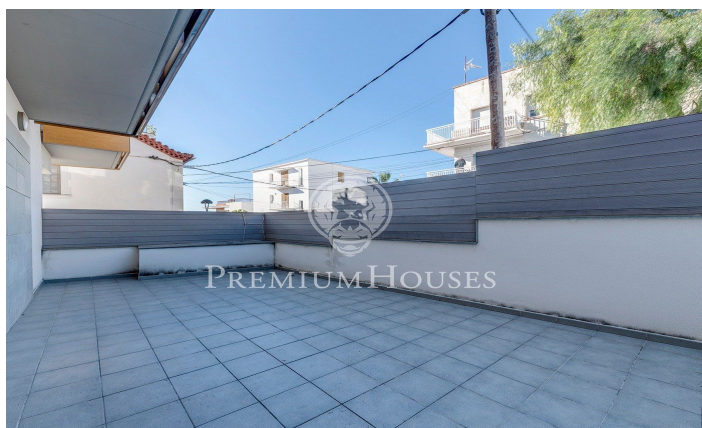

Modern and bright ground floor with terrace, located 300 meters from the famous San Sebastian de Sitges beach. Entering the house through a wide hallway we go to the living area, with a large living room that has access to the terrace. With open views and south orientation, it has clarity and sun almost all day. It has a modern and spacious kitchen with access to a small patio, for use to the taste of each person. In the area at night, we find a large room en suite, with access to a large terrace. Then two double bedrooms all with fitted wardrobes. The two bathrooms are complete, one with a bath and the other with a shower. Like all the property, it has high quality finishes. The floors of the house are parquet. The location is privileged, since it is only a few steps from one of the most known beaches of Sitges, near the train station, the port and all the services offered by the population. Despite its proximity to all the important areas of Sitges, San Sebastian is a quiet and pleasant area all year round.
