Quint mar / Sitges

In this beautiful plot of 460 m2 you can build a detached house where you can build two floors and construct 40% of the surface. The area of Quintmar is very quiet and the land is located in a privileged part of the urbanization, since it has access to two streets, so there are options to make the house with garage, pool and everything that can be built. Sitges is a town just 40 kilometers from Barcelona, with a very cheerful life and good weather all year round. Especially in the summer months.
