

Romantic Indianos flat next to the beach with garden for sale in Sitges center

Ref: PHS100527

Centre / Sitges

Unique Indianos property in the centre of Sitges in romantic style with community garden and large terrace - solarium, 50 metres from the beach. The Amell house is an Indianos building from the period of maximum splendour of Sitges. A stately porter's lodge leads us to the staircase, which has been restored with great success, providing it with a beautiful lift through which we access to this floor that surprises us with its spacious rooms with double height ceilings and frescoes of the period. The spacious living room and master bedroom have large balconies. At the back of the flat is the kitchen-dining room, another large double height bedroom and another complete bathroom. Both rooms have access to a very pleasant gallery with access to the garden. On the roof of the building there is a large terrace with 360 degree views of Sitges from where you can see the sea and the church of San Sebastian. The property has been updated and refurbished with excellent taste. Don't miss this unique jewel of Sitges romanticism.
